

SMC International

A Whale in the Ocean of Textiles

Since 1998

 www.smcinternational.co.in

The background features a large, light gray watermark of the letters 'SMC'. The 'S' is on the left, the 'M' is in the center, and the 'C' is on the right. The 'M' is the largest and most prominent. Below the 'M' is a stylized globe showing continents in white and oceans in light gray.

Saree

Fabric

Weaving Types

Dobby

Dobby, or dobbie, is a woven fabric produced on the doobby loom, characterised by small geometric patterns and extra texture in the cloth. We are capable of making designs from 4 Lever to 24 Lever doobby machines.

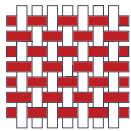

Jacquard

Jacquard fabric is a textured fabric that has complex patterns woven into it, rather than printed, dyed, or embroidered on top. We are specialised by weaving Jacquard designs from 100 hooks to 1500 hooks machines.

Emboss

Embossing is a technique in which images and patterns are created on the body in weaving. We are very proud to say that we were the first to make embossed dhotis in India.

Plain

Plain fabric is normal weaving in which the weft thread gets interlaced at right angles with the warp thread. We have 50+ powerlooms in plain weaving.
